SELF-POWERED OUTDOOR CHALLENGES

WildPlay's Adventure Courses are a series of cool, suspended obstacles (up to 40 feet high) that engage your body (using balance, strength and dexterity) and mind (through problem solving and teamwork).

FUN-FILLED FIELD TRIPS

Including exploratory play in your lesson plan motivates kids to use their natural energy and curiosity. Our Adventure Courses include aerial log ladders, cargo nets, rope swings, tightropes, spinning logs, wobbly bridges, ziplines, and more, creating engaging learning experiences for groups of any size.

ALL ABILITIES

People are born with their WildPlay skills - we just give them a place to use them! In WildPlay's risk-managed environment, support from friends and activity staff means that success happens with just a little trial and error and plenty of fun.

EASY ARRANGEMENTS

- A WildPlay group host will help do everything, from deciding when to visit to managing chaperone requirements, waivers, and check-in at the Park (as well as answering any questions along the way).
- WildPlay's certified Element Guides take care of activity demonstrations and provide observational coaching during the visit.
- All course equipment is provided. Our industry-leading risk-management systems and expertly-trained staff ensure you'll be in good hands!
